

Glastender®

GT-18 GLASSWASHERS

Features

The GT-18 glasswasher is efficient, simple to operate, & easy to maintain.

**Washes up to 360 glasses per hour
so bartenders can keep focused on customers!**

The GT-18 rotary rack fits 12 standard pint glasses in a single 2-minute cycle. Simple push-button operation. Standard 120V electrical plug for easy installation and greater accessibility.

Options to Suit a Variety of Workflows

Base unit has a compact 18" width, 24" depth. Multiple top configurations are available with integrated landing areas to enhance efficiency and increase throughput.

Thorough Wash Cycles, Superior Results

Glassware is rotated as 11 treatments of detergent and water are applied. This provides sufficient dwell time and complete spray coverage for superior results. Rinse aid is then applied for a spotless, sparkling clean finish.

Thoughtful, Practical Design

Our unique design incorporates a round glass rack sized to fit on standard depth underbar drainboards. Glasswasher door extends 7-1/2" past the front of the unit when loading and unloading to facilitate surrounding workflow.

Accessories

- Dish rack
- Clip-on chemical rail
- Glass rack insert for stemware
- Glass rack holder with shelf
